

This is a beautiful one owner coach. In the first bay, it has a children's play area with A/C, lighting, 2 DVD screens and a stereo. This would be great extra space for kids or grandkids to sleep or play. It also has a ladder to bring them into the salon area. It has new tires, and house and start batteries new in 2022. Both slide seals have recently been replaced with a 2 year warranty from Prevost. The motor and generator have a fresh service and the front end suspension is new. It has new carpet and recovered couch. All new LED lights inside. For more questions on this coach give Rex a call at 616- 886-0291.

Price: 359,000
